1951

CENSUS HANDBOOK

SOUTH ARCOT DISTRICT

PRINTED BY THE SUPERINTENDENT
GOVERNMENT PRESS
MADRAS
1953

CONTENTS

PREFACE

The Government used to compile and publish District Manuals for each district prior to 1905. The manuals became obsolete within a few years of their publication, containing as they did not only matter of a more or less permanent character such as physical characteristics, history, religion and ethnography, but also statistical matters which soon became out of date. The Government decided to replace the District Manuals by another publication known as the District Gazetteer, consisting of two volumes, A and B. The A volume contained descriptive matter and such general figures, as might be necessary to explain the text, and the B volume contained detailed statistics. They also decided that the B volume should be brought out periodically, especially after each decennial census. Between 1905 and 1927 A volumes for thirteen districts were published. In 1927 they were discontinued. B volumes for all the districts were published between 1906 and 1915. They were continued to be published even after the 1931 census. They were not published after the 1941 census.

Village Statistics, containing the results of the census for every village in the State, were first compiled and published in 1872, at the instance of Mr. C. E. Gover, who was then the Census Officer in Madras. His successor, in 1882, considered that this publication led to needless expenditure and trouble in printing the tables villagewar, but the Government decided that the Village Statistics should continue to be published. The practice of issuing Village Statistics at every census was followed subsequently. The Village Statistics merely showed the number of occupied houses and population of each village and town by religions.

The idea of preparing the present volume, viz., the District Census Handbook for each district was put forward by Sri R. A. Gopalaswami, I.C.S., Registrar-General, India, and ex-officio Census Commissioner of India, as part of a plan intended to secure an effective method of preserving the census records prepared for areas below the District level. He proposed that all the district census tables and census abstracts prepared during the process of sorting and compilation should be bound together in a single manuscript volume, called the District Census Handbook, and suggested to the State Governments that the handbook (with or without the addition of other useful information relating to the district) should be printed and published, at their own cost, in the same manner as the Village Statistics in the past. In accepting this suggestion, the Government of Madras decided to print and publish the more important portion of statistical data relating to the district and to preserve the rest of the records in a manuscript volume for any future use to which they may be put.

2. The statistical data embodied in the District Census Handbook have to be understood from the background of the changes introduced in the 1951 census. The most important and fundamental change introduced in the 1951 census consists in the substitution of an economic classification of the people for the classification based on Religion and Communities

adopted in the past. The people were divided into two broad livelihood categories, the Agricultural and Non-Agricultural. Four agricultural classes and four non-agricultural classes were prescribed as shown below :—

Agricultural Classes—

I. Cultivators of land, wholly or mainly owned, and their dependants,

II. Cultivators of land, wholly or mainly unowned, and their dependants.

III. Cultivating labourers and their dependants.

IV. Non-cultivating owners of land, agricultural rent-receivers and their dependants.

Non-Agricultural Classes—

Persons (including their dependants) who derive their principal means of livelihood from—

V. Production other than cultivation,

VI. Commerce,

VII. Transport, and

VIII. Other services and miscellaneous sources.

Each of the above eight livelihood classes were divided into three sub-classes with reference to their economic status as below :—

(i) Self-supporting persons,

(ii) Non-earning dependants, and

(iii) Earning dependants.

These livelihood sub-classes have been defined in detail in the fly-leaf notes attached to Economic Table B-I included in this Handbook.

All non-earning dependants are economically passive, and all earning dependants are economically semi-active. All self-supporting persons are ordinarily economically active but the classes and groups specified below constitute an exception to this rule :—

(1) Self-supporting persons of Agricultural Class IV,

(2) Self-supporting persons of Livelihood Class VIII who derive their principal means of livelihood from any source other than through economic activity, viz.—

(*a*) Non-working owners of non-agricultural property,

(*b*) Pensioners and remittance holders,

(*c*) Persons living on charity and other persons with unproductive occupations, and

(*d*) Inmates of penal institutions and asylums.

Economically active persons engaged in cultivation are either cultivators or cultivating labourers. Economic Table B-I gives particulars of the population classified according to the eight livelihood classes and the three sub-classes mentioned above.

Economically active persons engaged in industries and services have been classified with reference to the nature of the commodity produced or service performed. They are further divided into three sections, viz., Employers, Employees and Independent Workers

Economic Table B-III gives particulars of the economically active persons classified under the divisions and subdivisions of industries and services of the Indian Census Economic Classification Scheme.

Table C-I, included in this Handbook covers the population of sample households and Tables C-II and C-IV cover a ten per cent sample population. The method adopted for extracting these samples has been described in detail in the fly-leaf notes attached to the relevant tables.

3. *Scheme of the Census Handbook*.—The Handbook has been divided into two parts; Part I consists of three sections, namely, Section (i) containing the general population tables (A series), the Economic Tables (B series), Summary figures for Taluks (Table E), Tables I, II and III relating to Small-scale Industrial establishments and Table L showing the incidence of leprosy ; Section (ii) containing the Rural statistics, and Section (iii) containing the urban statistics, and Part II containing the Household (size) Table C-I, and Tables showing Livelihood classes and literacy by age groups (C-II and C-IV), the Social and Cultural Tables (D series) and an abstract of non-agricultural occupations in the district. Among the tables included in the Handbook, Table A-IV—Towns classified by population with variations since 1901, Economic Table B-II—Secondary means of livelihood under each livelihood class and Table C-II—Livelihood classes by age groups furnish information at the district level. The other population tables in the A-series, the summary figures for Taluks (Table E) and the infirmity Table L showing the incidence of leprosy furnish information for each taluk in the district with a district total. The rural statistics in Part I—Section (ii) furnish basic information in respect of every village and panchayat arranged according to census tracts. In addition to the total population of the villages, and its distribution among the eight livelihood classes, information regarding the number of literates, the cultivated area, the number of small-scale industrial establishments under categories, textile and non-textile and the number of leprosy cases and doubtful cases has been included.

The urban statistics in Part I Section (iii) furnish similar information except that relating to cultivated area in respect of every unit classified as city or census town in the district with ward-wise data.

All other tables included in the Handbook provide information for units called census tracts with totals for the district.

4. *Census Tracts*.—A distinctive feature of the census statistics is its rural urban break-up designed with a view to compare the conditions and characteristics of the rural and urban population. The rural areas of each district were therefore kept distinct from the urban areas. For facilitating tabulation these areas were divided into a number of rural and urban tracts. As far as possible, the rural area in each taluk was constituted into a single rural tract. In a few cases however where the taluks were small in size with reference to their population, the rural areas of more than one taluk were taken together as a single rural tract. The urban tracts have been formed out of areas declared as cities and census towns in each district. Every city was treated as a separate tract. Towns other than cities were grouped together to form non-city urban tracts. Wherever possible, the towns in each taluk were constituted into a single non-city urban tract. In cases where the towns in a taluk had a population of less than 50,000 the towns in more than one taluk were grouped

together to form a non-city urban tract. All the rural tracts in the State have been assigned numbers in one series, the non-city urban tracts in another series and the city tracts in a third series. In all the tables where the data have been furnished for tracts, the tracts have been denoted by numbers that have been assigned to them. A list of tracts into which the district has been divided and the areas comprised in each is furnished in the fly-leaf note to economic Table B-I relating to the district.

The districts, taluks and villages mentioned in the Tables and Abstracts have been shown along with the census location code numbers assigned to them for purposes of census operations.

The numbers given to the Tables in this publication correspond to those given in the State Census Report.

Elaborate notes explaining the scheme of each Table have been introduced in the fly-leaf attached to each with a view to enable the reader to get a precise idea of the data furnished in the Table.

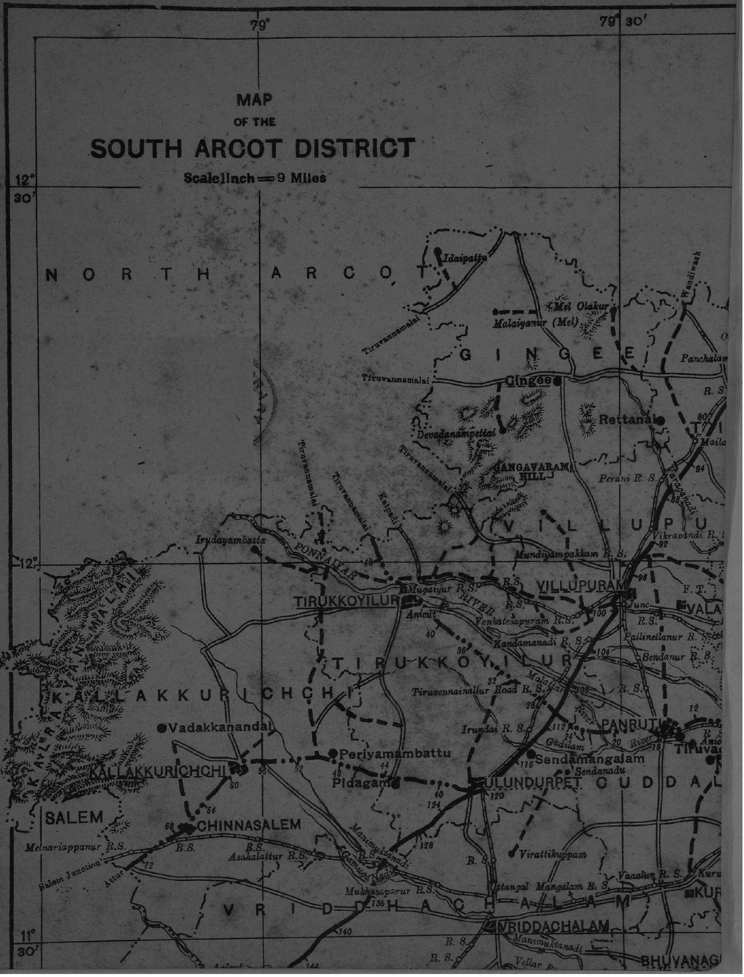

5. *Tables relating to Small-scale Industries.*—In the year 1950 a census of Small-scale Industries was instituted under the orders of the Government. The object was to get some idea about small industries such as cottage and home industries, small establishments, workshops, etc., where articles were produced, repaired or otherwise treated for sale, use or disposal and small mines. The enquiry was confined to establishments to which the Factories Act was not applicable. Individuals who worked on their own and did not employ other people were left out of account. From the data collected three Tables were prepared and they have been included in the Handbook. Information giving village-wise and ward-wise information for Small-scale Industries have been incorporated in the rural and urban statistics. The details collected and embodied in the Tables are not to be considered accurate or exhaustive, as the enumeration staff employed had not been trained for the purpose and some cases of under enumeration were noticed. However, the figures given in the Tables may be sufficient to give an insight into the nature of the industries prevalent in the different parts of the district.

6. Opportunity has been taken to put in a short introductory note detailing the salient points connected with the district, such as the physical features, climate, rainfall, irrigation and drainage facilities, roads and other communications, crop statistics, education, industries and other matters of general interest. The information contained in the introductory note is based on the materials furnished by Collectors of districts and Departments of Government. The District Gazetteer was also freely referred to. The relevant paragraph of the 1951 Census Report discussing the growth of population in the district has also been incorporated in the proper place.

A district map showing taluk boundaries, physical features, important roads and places with a population exceeding 5,000 is also attached.

It is hoped that this Handbook will serve as a book of reference on matters relating to the district and that it will be found useful both by Departments of Government and the public.

J. I. ARPUTHANATHAN,
Superintendent of Census Operations, Madras.

INTRODUCTION
TO
SOUTH ARCOT DISTRICT.

I. (*a*) *Situation and physical characteristics.*—The South Arcot district is on the east coast of the Madras State, with Chingleput and North Arcot districts on its north, the Bay of Bengal on its east, Tanjore and Tiruchirapalli districts on its south and Salem and North Arcot districts on its west. It lies between 11°5′ and 12°30′ of the northern latitude and 78°37′ and 80° of the eastern longitude. The district consists of the following eight taluks comprised in three Revenue Divisions as noted below :—

Name of Revenue Division.	Headquarters of Revenue Division.	Taluks comprised in the Revenue Division.	Area of the taluk in square miles.	Headquarters of the taluk.
Tirukkoilur	Tirukkoilur	Tirukkoilur	584	Tirukkoilur.
		Kallakurichi	873	Kallakurichi.
		Vriddachalam	576	Vriddachalam.
Chidambaram	Chidambaram	Chidambaram	404	Chidambaram.
		Cuddalore	448	Cuddalore.
Tindivanam	Tindivanam	Tindivanam	561	Tindivanam.
		Villupuram	352	Villupuram.
		Gingee	410	Gingee.
		Total	4,208	

The French Settlement of Pondicherry is situated in Villupuram taluk on the sea coast north of the Ponniyar river. The Settlement covers an area of 115 square miles. Its boundary is very irregular and winds in and out of the State Government villages in a very complicated manner with several tracts altogether detached from the main part of it and entirely surrounded by the State Government villages.

The district is for the most part a flat plain sloping very gently from the west to the sea on the east, and also from the north to the south except for a strip of high ground running across the district from Pondicherry to Vriddachalam. The Kalroyan Hills running north to south lie in the western part of Kallakurichi taluk and spread out into the Salem district. The boundary of the two districts runs on the top of these hills. The Kalroyans are 2,000 to 3,000 feet high and rise abruptly like a wall, shutting off the Kallakurichi taluk from the west. At the foot of the hills the elevation of the taluk is some 550 feet to 650 feet above mean sea level and the fall eastwards in the level of the land is more rapid.

The Gingee hills in Gingee taluk run from near Gingee south-westwards for some 14 miles.

While the Kalroyans are comparatively smooth and are covered with soil for plant growth, the Gingee hills have a jagged skyline and consist of masses of bare rock and big boulders in irregular shapes and angles.

The third line of hills in the district is the mount Caper Plateau just west of Cuddalore which forms part of a belt of red lateritic ground running from the north of Pondicherry, southwards across Villupuram, Cuddalore and Chidambaram taluks.

There are backwaters on the sea-coast caused by the sea water breaking into the water courses of streams and rivers. These backwaters are near Cuddalore and on the east coast of Tindivanam taluk. The Kaluveli Swamp 31 square miles in extent in Tindivanam taluk is a typical one.

The district has no well-marked natural divisions. The alluvial valleys of the Ponniyar, the Gadilam, the Coleroon and the Vellar rivers differ in their soil from the country on either side of them. The sea-shore is fringed with a belt of blown sand of varying width. The entire Chidambaram taluk in the south-east, however, is fully deltaic resembling more the landscape of the alluvial plains of the adjoining Tanjore district.

(*b*) *Rivers.*—The rivers of the district flow from west to east into the Bay of Bengal. The chief of them from north to south are, the Gingee river, also known as the Varaha Nadhi, the Ponniyar, the Gadilam, the Uppanar, the Vellar, and the Coleroon.

The Gingee river rises in the extreme north-west corner of Gingee taluk, flows near Gingee, is joined on its left bank by the Tondiar stream and on the

right bank by the Kallar and the Pombai, and passing through Villupuram taluk empties itself into the Bay of Bengal near Pondicherry. The Gingee river depends on the local rainfall for its supply.

The Ponniyar river rises in the Chennakesava Hills east of Nandidrug in Mysore State, and crossing the Salem district and the southern tip of the North Arcot district enters the Tirukkoilur taluk where it receives the waters of the Turinjalar flowing from Tiruvannamalai taluk of the North Arcot district. It flows across Tirukkoilur taluk and along the boundary between Cuddalore and Villupuram taluks and empties itself into the Bay north of Cuddalore City.

The Gadilam rises in the Kallakurichi taluk and flowing eastwards through Tirukkoilur and Cuddalore taluks falls into the Bay at Cuddalore.

The Ponniyar and the Gadilam are connected by a river course called the Malattar which serves to carry the surplus waters of the former into the latter.

The Paravanar has its course in the Vriddachalam taluk and flowing between Cuddalore and Chidambaram taluks strikes northwards and falls into the Bay by the mouth of the Gadilam.

The Vellar is the name of the river formed by the union of two rivers, the Vashista Nadhi and the Sveta Nadhi flowing down from Salem district. It forms the boundary for some distance between Vriddachalam taluk and Tiruchirapalli district, gathers the waters of the Manimukta Nadhi, Gomuka Nadhi and Mayura Nadhi which drain the eastern slopes of the Kalroyans, and passing through Chidambaram taluk joins the Bay near Porto Novo.

The Coleroon, the surplus branch of the Cauvery river is more a river of the Tanjore district. It flows on the southern boundary of Chidambaram taluk for 36 miles and reachers the Bay 6 miles south of Porto Novo.

(c) *Forests.*—The extent of forests in the district is 251·39 square miles. The forests consist of dry deciduous type containing mainly fuel species and low scrub jungle. The area of forests in each taluk is furnished below :—

Name of taluk.	Area of forests (square miles).
Cuddalore	8·65
Tirukkoilur	56·58
Chidambaram	5·24
Virddachalam	37·13
Gingee	52·40
Kallakurichi	82·30
Villupuram	3·26
Tindivanam	5·83
Total ..	**251·39**

(d) *Climate and rainfall.*—Information regarding the average annual rainfall in inches and the number of rainy days in a year for each taluk is given below :—

Name of taluk.	Rainfall in inches.	Number of rainy days.
1 Gingee	41·81	53·0
2 Tindivanam	46·87	53·8
3 Villupuram	44·09	55·0
4 Cuddalore	50·73	53·8
5 Chidambaram	51·82	54·3
6 Vriddachalam	42·25	52·6
7 Tirukkoilur	40·59	52·4
8 Kallakurichi	39·99	55·5

The monthly mean of daily maximum and daily minimum temperature, the highest recorded and the lowest recorded temperature and the mean of monthly total rainfall based on data for the 50 years 1891–1940 and the monthly mean of daily maximum and daily minimum temperature, the highest recorded and the lowest recorded temperature and the actual monthly rainfall for 1951 as recorded at Cuddalore are given below :—

Month.	1891—1940. Temperature. Mean of Daily maximum.	Daily minimum.	Highest recorded.	Lowest recorded.	Mean of total rainfall (inches).	1951. Temperature. Mean of Daily maximum.	Daily minimum.	Highest recorded.	Lowest recorded.	Actual rainfall inches as recorded at Cuddalore.

December	85·7	69·2	90	66	..
For the year ..	**93·3**	**74·3**	**107**	**60**	**35·02**

The hottest months are April to June. Most of the rains are bad during the north-east monsoon. The inland parts of the district receive less rain than the coastal areas and are hotter. Kallakurichi taluk, farthest from the coast receives the least rainfall; but the parts facing the Attur pass get cool during the south-west monsoon.

(*e*) *Soils.*—The soils are divided into three classes black or regar, red and arenaceous.

Nearly 60 per cent of the area is red ferruginous. The black soil which is more fertile than the other two prevails mostly in Chidambaram, Vriddachalam and Cuddalore taluks, the first two taluks containing more than 50 per cent of the black soil area, in the district. Large parts of Gingee, Tirukkoilur and Kallakurichi taluks consist of red soils while the arenaceous (loam and sand) soil is found along the coast in the taluks of Chidambaram, Cuddalore and Tindivanam and is used for casuarina plantations. The black soil which is the best, occurs in all taluks except Gingee. The talukwise percentage distribution of the various soils is furnished below :—

Taluk.	Black.			Red.		Arenaceous.	
	Clay.	Loam.	Sand.	Loam.	Sand.	Loam.	Sand.
Chidambaram ..	43	30	2	11	3	7	2
Cuddalore	6	22	8	26	29	2	6

Average ..	**12**	**19**	**4**	**28**	**34**	**1**	**2**
		35			**62**		**3**

(*f*) *Irrigation, drainage facilities and liability to famine.*—The rivers Ponniyar, Gadilam, Manimukta Nadhi, the Vellar and the Coleroon are the main irrigation sources in the district. All these rivers run in valleys and have been harnessed for irrigation purposes by anicuts built across them at various stages of their course. The important anicuts are—

(1) The Lower Anicut across and the Coleroon in Tanjore district.

(2) The Toludur, Pelandorai and Shatiatope anicuts across the Vellar.

(3) The Tirukkoilur anicut across the Ponniyar.

(4) The Vriddachalam and Memathur anicuts across Manimukta Nadhi.

(5) The Tiruvathe, the Tiruvedipuram and Vanamadevi anicuts across the Gadilam river.

Irrigation is also done by the spring channels having their sources in natural springs in undulating ground and sandy soil. Underflow especially in the beds of the Ponniyar and the Malattar is tapped and taken in channels for long distances. Irrigation wells are numerous in the district. There are as many as 58,848 wells. There are also small rainfed tanks mainly in Kallakurichi, Gingee and Tirukkoilur taluks. The irrigation facilities provided and available in each of the taluks are detailed below :—

Gingee taluk.—The wet crops have to depend on the north-east monsoon. The taluk depends mostly on small rainfed tanks and wells. There are 41 major irrigation tanks in charge of the Public Works Department having an ayacut of 9,803 acres and 461 minor irrigation tanks in charge of the Revenue Department with an ayacut of 22,371 acres. Wells supplement the water-supply for most of the fields. The taluk is liable to famine in case of failure of the monsoon.

Tindivanam taluk.—Irrigation is carried on mainly from rainfed tanks and wells. There are 66 major irrigation sources in charge of the Public Works Department having an ayacut of 24,254 acres and 484 minor irrigation tanks in charge of the Revenue Department having an ayacut of 25,308 acres. Even if there is partial failure of the monsoon, this taluk is affected more than the other taluks. The major irrigation sources are maintained in efficient condition. The taluk has not suffered from famine conditions, although they are likely to arise in very bad years.

Kallakurichi taluk.—Small anicuts have been constructed at several places across the Mayura Nadhi, Gomukha Nadhi and Manimukta Nadhi and channels take off to the tanks from the anicuts. There are 25 major irrigation tanks in charge of the Public Works Department having an ayacut of 14,000 acres and 282 minor irrigation sources in the taluk having an ayacut of 18,378 acres. Well irrigation is carried on extensively in this taluk. Most of the

tanks are rainfed and are maintained in efficient condition. Ordinarily the taluk is not liable to famine except in very bad years.

Tirukkoilur taluk.—The channel from the Tirukkoilur anicut across the Ponniyar feeds a number of tanks in Tirukkoilur, Villupuram and Cuddalore taluks. This anicut system commands an extent of about 18,540 acres in Tirukkoilur taluk. There are 14 major irrigation tanks in charge of the Public Works Department commanding an ayacut of 8,302 acres and 422 minor irrigation tanks serving an extent of 26,611 acres. Generally there is no failure of crops in the Ponniyar anicut system. The north-western part of the taluk adjoining North Arcot district and Elavanasoor firka are the areas liable to drought. The rainfed tanks depend on the seasonal rains.

Villupuram taluk.—The Tirukkoilur anicut system across the Ponniyar serves 7,024 acres in the taluk. An anicut across the Ponniyar near Ellis Choultry has been recently constructed to supply a chain of tanks in the taluk. Spring channels dug from the bed of the river irrigate considerable extent of land. There are 209 minor irrigation tanks in the taluk with a total ayacut of 13,737 acres. One major irrigation tank with an ayacut of 586 acres is under the control of the Public Works Department. Well irrigation by pumpsets and picottah is a common feature of the taluk. The rainfed tanks depend on the north-east monsoon for their supply. Kanjanur firka which is a dry tract is liable to drought.

Cuddalore taluk.—The following anicut systems and sources serve this taluk :—

(1) Shatiatope anicut across the Vellar serving 6,149 acres.

(2) Tirukkoilur anicut across the Ponniyar serving 3,376 acres.

(3) Tiruvathi anicut across the Gadilam serving 6,707 acres.

(4) Tiruvandipuram anicut across the Gadilam serving 1,717 acres.

(5) Vanamadevi anicut across the Gadilam serving 877 acres.

(6) Forty major irrigation tanks in charge of the Public Works Department serving 10,469 acres.

(7) One hundred and eighty-nine minor irrigation tanks in charge of the Revenue Department serving 10,620 acres.

The minor irrigation tanks are mostly rainfed. Well irrigation with the aid of oil-engines and electric motors is common in the taluk. Artesian bore wells have also been sunk in some villages to serve as irrigation sources.

There has been no failure of crops under the anicut systems. The rainfed tanks depend on the north-east monsoon for their supply. The taluk is not ordinarily liable to famine.

Vriddachalam taluk.—The Vellar is the chief irrigation source for the taluk. The Willingdon Reservoir near Tittagudi is fed by a $3\frac{1}{2}$ miles long channel from the Toludur anicut across the Vellar. The Reservoir has an ayacut of 21,601 acres. The Pelandorai anicut across the Vellar serves 1,154 acres. The Vriddachalam anicut across the Manimukta Nadhi commands an ayacut of 3,332 acres and the Memathur anicut across the Manimukta Nadhi irrigates an extent of 4,853 acres. In addition to these there are 28 major irrigation tanks in charge of the Public Works Department with an ayacut of about 9,200 acres and 195 minor irrigation tanks in charge of the Revenue Department with an ayacut of 10,358 acres. Most of the minor irrigation tanks are rainfed depending on the north-east monsoon for their supply. Well irrigation is carried on in parts of the taluk. The taluk is not liable to famine, the anicut systems generally giving an assured supply of water.

Chidambaram taluk.—This taluk has the best irrigation facilities in the district. The Coleroon lower anicut system irrigates 95,000 acres of land in the taluk. Veeranam tank, one of the biggest irrigation tanks in the State forms part of the lower Coleroon anicut system. This tank has a water spread area of 15 square miles at F.T.L. and ayacut of 43,563 acres. The Shatiatope anicut system across the Vellar irrigates 32,171 acres, the Pelandorai anicut across Vellar irrigates 10,900 acres and the Keeranur anicut system across the Manimukta Nadhi irrigates 6,897 acres in the taluk. There are 21 minor irrigation sources commanding 818 acres. The taluk is not liable to famine.

(*g*) *Food and commercial crops.*—Paddy is the most important food crop and is grown in all the taluks. It is the most extensively grown crop in Chidambaram taluk. Next to paddy, Varaghu is the most extensively grown food crop in the district. It is grown on a large scale in the taluks of Vriddachalam, Tindivanam and Kallakurchi.

Groundnut is the most important commercial crop and is raised extensively in all the taluks except Chidambaram.

Next to groundnut, surgarcane is the most important commercial crop and is grown extensively in Cuddalore and Villupuram taluks. Gingelly crops is raised in all taluks, the largest extent being in Vriddachalam Cuddalore and Villupuram. The area cultivated with the various food crops, pulses and commercial crops in the taluks in 1949–50 is furnished in *Annexure I.*

(*h*) *Communications*—(i) *Roads.*—There are 2,212 miles of roads in the district including 103 miles of Public Works Department roads and 94 miles of Municipal roads. Their taluk-wise distribution and classification except in the case of Municipal and Public Works Department roads are furnished below:—

Name of taluk.	National Highways (Miles).	Provincial Highways (Miles).	Major district roads (Miles).	Other district roads (Miles).	Village Roads (Miles).	Total (Miles).
Gingee ..	..	..	56	31	28	115
Tindivanam	22	..	94	70	56	242
Kallakurichi	2	27	75	52	25	181
Tirukkoilur	26	39	102	55	58	280
Villupuram	18	..	75	93	79	265
Cuddalore ..	..	24	101	67	120	312
Vriddachalam	18	..	104	60	79	261
Chidambaram	..	..	89	75	195	359
Total ..	**86**	**90**	**696**	**503**	**640**	**2,015**

The communications are adequate in Chidambaram, Cuddalore, Tirukkoilur and Vriddachalam taluks. They are not adequate for the other taluks. Village roads are generally in a bad condition.

(ii) *Railways.*—Two hundred and fifty-one and a quarter miles of the metre gauge section of the Southern Railway traverses the district. This does not include 7¼ miles in French territory. The main Line from Madras to Dhanushkodi runs via Tindivanam, Villupuram, Cuddalore and Chidambaram. The Chord Line from Villupuram to Tiruchirapalli runs via Ulundurpet and Vriddachalam. A branch line connects Villupuram and Katpadi, and another branch line connects Villupuram with Pondicherry. Vriddachalam is connected by branch lines with Cuddalore and Salem. All the taluk head-quarters except Gingee and Kallakurchi are connected by railway. But Kallakurchi has an out-agency for passengers, luggage, parcels and goods served by Chinna Salem Railway Station.

(iii) *Posts and Telegraphs.*—There is one head post and telegraph office at Cuddalore. There are 22 sub-post and telegraph offices, 19 non-combined sub-post offices and 413 branch post offices in the district. The taluk-wise distribution of these Offices is given below :—

Name of taluk.	Number of branch Offices.	Number of non-combined sub-offices.	Number of P. and T. Head Offices.	Number of P. and T. sub-offices.
Cuddalore ..	69	3	1	5
Vriddachalam	37	3	..	3
Chidambaram	58	3	..	5
Tirukkoilur ..	50	1	..	3
Kallakurchi	58	2	..	2
Villupuram ..	58	3	..	2
Gingee	44	1	..	1
Tindivanam ..	39	3	..	1
Total ..	**413**	**19**	**1**	**22**

II. (*a*) (i) *Growth of population.*—The particularss of population of the district and the taluks in 1941 and 1951 and the percentage of variation are furnished below :—

Name of the district and taluk.	Population. 1941.	Population. 1951.	Percentage of variation.
South Arcot District ..	2,608,753	2,776,767	6·4
Gingee taluk ..	239,715	244,851	2·1
Tindivanam taluk ..	305,108	318,106	4·3
Kallakurchi taluk ..	354,684	369,049	4·1
Tirukkoilur taluk ..	367,483	382,221	4·0
Villupuram taluk ..	296,186	316,989	7·0
Cuddalore taluk ..	403,537	439,082	8·8
Vriddachalam taluk ..	296,158	317,467	7·2
Chidambaram taluk ..	345,882	389,002	12·5

"There is an increase of 6·4 per cent in the district, as a whole, 4·7 per cent in rural and 21·2 per cent in urban. The very low increase in the rural population is significant. It reveals the severe effect of the adverse seasonal conditions which the district has suffered as a result of the failure of the north-east monsoon from 1947–48, and the increase has been affected to this extent, in spite of the fact that a large portion of one taluk in this district, viz., Chidambaram is in the Cauvery delta. The figures for the non-deltaic and deltaic portions of the district are 5·5 per cent and 12·5 per cent, respectively. The effect that the adverse seasonal conditions had on the district can be seen from the figures for the rural population in the various taluks : 2·1 per cent in Gingee taluk, 0·5 per cent in Tindivanam, 3·3 per cent in Kallakurchi, 5·2 per cent in Tirukkoyilur taluk, 2·9 per cent in Villupuram taluk, 6·6 per cent in Cuddalore taluk and 6·4 per cent in Vriddachalam taluk. As is well known, there has been a large scale migration of labouring classes from this district to Madras, particularly from the northern taluks of Tindivanam, Gingee and Villupuram. At Ulundurpet in Tirukkoilur taluk, there were about 4,500 labourers in 1941 on account of the construction of the aerodrome there. The aerodrome was closed down in 1946, and the 1951 Census recorded a fall of 4,971 persons at Ulundurpet.

The increase of 12·5 per cent in the deltaic area in this district calls for no special comment.

(Extracted from Census report—Part I).

(ii) *Vital statistics.*—The statistics of births and deaths and deaths due to various causes in the district for the decennium 1941—1950 are given in *Annexure II*.

The average birth and death rates registered during the decade were 29·6 and 21·9 per mille as compared with the average rates of 31·7 and 21·2 respectively for the State. Thus the registered birth rate was less than that for the State and the death rate was practically the same as that for the State. The death rates in the latter half of the decade are

less than those in the first, the average rate in 1946–50 being only about three fourths of that in 1941 to 1945. The abnormally high death rate of 31·1 recorded in 1944 as compared with the average of 21·9 for the decade was mainly due to increased death rates under 'fevers' (5·8), dysentery and diarrhoea (2·7), and respiratory diseases (2·3). Severe cholera epidemics were prevalent in 1942–43 and 1948 resulting in 19,887 deaths from cholera in these three years alone. The district is subject to periodical visitation of cholera epidemic. The average mortality rates from cholera, small-pox, dysentery and diarrhoea were higher than those for the State while those from fevers and respiratory diseases were less. The average death rate from fevers in 1946–1950 was 3·3 against 4·6 in 1941–1950. The average maternal mortality rate of 9·5 was high as compared with the rate of 8·1 for the State.

(*b*) *Medical relief.*—Particulars regarding the hospitals and dispensaries and other medical institutions in each taluk are given below :—

Gingee taluk.

Local fund dispensary at Gingee—(2 emergency beds).

Rural dispensaries at Anantapuram (Indian Medicine), Valathi (Indian Medicine) and Avalurpet (Modern).

Tindivanam taluk.

Government hospital at Tindivanam—24 beds.

Local fund dispensaries at Morcanam and Vanur.

Rural dispensaries at Rettanai and Kooteripattu dispensing Indian medicine.

Kallakurichi taluk.

Government hospital at Kallakurchi—(20) beds.

Local fund dispensaries at Sankarapuram, Thiagadurgam and Chinna Salem.

Rural dispensaries of Indian medicine at Vadakanandal and Kuthakudi.

Tirukkoilur taluk.

Danish Mission hospital at Tirukkoilur (62 beds).

Local Fund hospital at Tirukkoilur (16 beds).

Local fund dispensaries at Tiruvannainallur and Ulundurpet.

Rural dispensary at Tirunavalur (Indian medicine).

Villupuram taluk.

Government hospital—Villupuram (16 beds).

Railway hospital—Villupuram.

Government dispensary—Kandamangalam.

Local fund dispensary—Valavanur.

Rural dispensaries for Indian medicine at Kandichipuram and Vikravandi.

NOTE.—A hospital is under construction at Siruvanthadu.

Cuddalore taluk.

Government headquarters hospital—Cuddalore—160 beds—X-Ray facilities and Specialist eye treatment.

East India distilleries dispensary—Nellikuppam.

Local fund dispensaries at Panruti, Kurinjipad and Nellikuppam.

Cuddalore taluk—cont.

Municipal general dispensary—Tirupapuliyur.

Municipal dispensary for women and children—Tirupapuliyur.

Municipal dispensary—Cuddalore Old Town.

Rural dispensaries—Kullanchavadi (Indian Medicine), Thookanambakkam (Modern Medicine), Kadambuliyur (Indian Medicine) and Chinnappanaickenpalayam.

Vriddachalam taluk.

Local fund hospital—Vriddachalam (20 beds).

Danish Mission hospital—Vriddachalam (25 beds).

Local fund dispensary—Tittakudi.

Government dispensary—Aziznagar settlement.

Railway dispensary—Vriddachalam.

Rural dispensaries for Indian Medicine at Seppakam, Kammapuram, Mangalampet, Mudanai and Pennadam.

Chidambaram taluk.

Government hospital—Chidambaram (65 beds).

Local fund dispensaries—Katumannar Koil, Srimushnam, Porto Novo, Bhuvanagiri (Indian Medicine) and Chidambaram (Indian Medicine).

Rural dispensaries for Indian medicine at Puduchatram, Kilmungaladi, Shetiatope and Gavarapattu and for modern medicine at Kumarakshi.

The Government Headquarters Hospital at Cuddalore has an X-Ray department and provides specialist treatment for the eye. This hospital provides in-patient accommodation for general, surgical, maternity and tuberculosis cases. A separate ward has been constructed in the hospital for children's diseases. The hospital is a training centre for mid-wives and compounders.

The incidence of leprosy is high in the district. The Government Headquarters Hospital, Cuddalore, offers treatment for leprosy. The Government have opened a leprosy clinic, at Veeraperumanallur, eight miles from Panruti, Cuddalore taluk. A district survey unit with a Second-class Health Officer and a Health Visitor for preventive survey work and spotting has also been sanctioned. There is also a treatment side of the leprosy unit at Tirukkoilur with a civil assistant surgeon, a staff nurse and an injector with 12 beds. There are two aided institutions providing in-patient accommodation and treatment for leprosy cases, one at Vadathorasalur near Thiagadurgam in Kallakurchi taluk maintained by the Danish Mission and the other at Mazhavantangal in Gingee taluk run by the Kasturba Hindu Kusht Nivaran Sangh. Two feeder out-patient clinics to this have been started at Arakandanallur and Veerapandy.

(*c*) *Water-supply and drainage arrangements.*—In Cuddalore New Town static water tanks have been constructed at important places by the municipality to supplement the supply of potable water in the wells. In the Cuddalore Old Town and Chidambaram town protected water-supply is provided through water taps. There is no drainage system in these towns.

Clearance of sewage water from cesspools is made by means of sullage carts. The number of drinking water wells constructed by Government in each taluk is given below :—

Name of taluk.	Number of Government wells.
Gingee	241
Tindivanam	201
Villupuram	37
Cuddalore	26
Chidambaram	31
Vriddachalam	125
Tirukkoilur	59
Kallakurichi	78
Total	798

(*d*) *Fairs and Festivals.*—A taluk-wise list of fairs and festivals in the district is given below :—

FAIRS.

Tindivanam taluk.

Cattle fair during Thai Krithigai Fetival at Mailam in January.

Cattle fair during Panguni Uthiram Festival at Mailam in April.

Cattle fair during Adi Krithigai festival at Mailam in July.

Tirukkoilur taluk.

Cattle fair during Koothandar festival at Koovagam in May.

FESTIVALS.

Gingee taluk.

Thaipoosam festival of Sri Subramaniyaswami temple at Melolokkur —(3 days in February).

Thaipoosam festival at Anantapuram in February.

Angalamman festival at Melmalayanur in February.

Panguni Uthiram festival at Mel Olakkur in April.

Jain festival at Melsithamur in April.

Brahmotsavam of Sri Varadarajaperumal at Gangapuram in May.

Vaikunta Ekadesi festival at Singavaram in December.

Tindivanam taluk.

Thai Krithigai festival at Mailam in January.

Panguni Uthiram festival at Mailam in April.

Karthigai Krithigai festival at Mailam in December.

Adi Krithigai festival at Mailam in July.

Kallakurichi taluk.

Antoniyar Car festival at Melnariyappanur in June.

Tirukkoilur taluk.

Brahmotsavam of Sri Virateswar temple at Keelaiyur in February and March.

Brahmotsavam of Sri Thiruvikramaswami temple at Tirukkoilur in March and April.

Brahmotsavam of Sri Kripapureswarar temple at Tiruvennainallur in May and June.

Brahmotsavam of Sri Bhaktajaneswarar temple at Tiruvalur in March and April.

Athu Tirunal festival in Manalurpet (3 days in January).

Koothandar festival at Koovagam in May.

Narasimhaswami festival at Parikkal in May.

FESTIVALS—*cont.*

Villupuram taluk.

Lakshadeepam of Sri Anjaneyaswami temple at Villupuram.

River festival at Kallipattu in February.

Chinnappar festival at Siruvakkur in July.

Brahmotsavam of Puttalayee Amman temple at Koliyanur in July.

Cuddalore taluk.

Brahmotsavam of Sri Pataleswarar temple at Tirupapuliyur in May and June.

Brahmotsavam of Sri Varnapureswarar temple at Tirukamanikuli in May and June.

Puthumariyamman Sedal festival at Karumachipalayam in August

Thaipoosam festival at Vadaloor—3 days in February.

Brahmotsavam festival at Tiruvendipuram in May.

Panguni Uthiram festival at Veludayampet in April.

Brahmotsavam festival at Theerthanagari in May.

Brahmotsavam of Sri Lakshminarasimhaswami temple at Srigiri kudi in February.

Brahmotsavam of Sri Virateswarar temple at Siruvadhi in May.

Vriddachalam taluk.

Masimakham festival at Nallur in March.

Masimakham festival at Thiruvattuthurai in March.

Titlur festival at Konankuppam in January.

Easter festival at Konankuppam in April.

Panguni Uthiram festival at Perumalai in April.

Avani Wednesday festival at Perumalai in August.

Brahmotsavam of Sri Vriddagiriswarar temple at Vriddachalam in February and March.

Brahmotsavam of Sri Pralayakaleswarar temple at Pennadam in May and June.

Brahmotsavam of Sri Vaithianathaswami temple at Tittagudi in March and April.

Brahmotsavam of Sri Adikesavaperumal temple at Kattuparur in May.

Brahmotsavam of Sri Pidari Amman temple at Iruppu in April.

Chidambaram taluk.

Masimakham festival at Killai in March.

Masimakham festival at Gudalayathur in March.

Masimakham festival at Omampuliyur in March.

Masimakham festival at Eyyalur in March.

Boorasami festival at Ramapuram in March.

Koothandar festival at Koothattai in May.

Brahmotsavam and Masimakham at Sri Bhuvaragaswami temple at Sri Mushnam in February and March.

Arudradarshanam at Sri Nataraja temple at Chidambaram in December and January and Ani Tirumanjanam in June and July.

Brahmotsavam of Sri Elaimaiyakinar temple at Chidambaram in February.

Brahmotsavam of Sri Veeranarayanaperumal temple at Kattumannarkoil in April.

III. *Educational institutions.*—Chidambaram is the seat of the Annamalai University. A statement showing the number of educational institutions of various categories with the strength of boys and girls in each category as on 31st March 1951 in the taluks of the district is given in *Annexure III.*

IV. *Industry*—(i) *Cottage and small-scale.*—Particulars of the important cottage and small-scale industries and the approximate number of persons employed in them in each taluk are furnished in ***Annexure IV.***

(ii) *Large-scale industries.*—There are no large-scale industries in Gingee, Kallakurchi, Tirukkoilur, and Vriddachalam taluks. The large-scale industries in the other taluks are furnished below :—

Tindivanam taluk.—Four oil expelling mills employing 109 persons.

Villupuram taluk.—Nine oil mills employing 109 workers.

Cuddalore taluk.—(1) Seven oil mills employing 108 workers, (2) Eleven rice mills with 225 workers and (3) The East India Distilleries and Sugar Factory at Nellikuppam, employing 2,030 persons.

Chidambaram taluk.—Sixteen rice mills employing 261 workers.

Items of general importance.—The headquarters of the district is at Cuddalore. There are Agricultural Research Stations at Tindivanam and Palur.

There are four municipalities in the district. They are Tindivanam, Villupuram, Cuddalore and Chidambaram.

The Aziz Nagar Settlement in Vriddachalam taluk was formed in 1913 for the reclamation of the Veppur Harijans notified as a Criminal Tribe in South Arcot district. It was primarily intended to be an agricultural settlement with about 1,400 acres of land. Recently industries like weaving, carpentry and leather works under the supervision of technical hands have been started, as part-time occupation for the settlers. The settlement contains 280 families with a population of 1,242. There are a girls' school and a boys' school up to the eighth standard and a co-operative stores besides a dispensary.

Investigation for lignite mining is being carried on around Neiveli Railway Station. The presence of lignite was discovered during the sinking of artesian bore-wells. Lignite is found at a depth of 150 feet to 250 feet between layers of water. Further investigation is going on. There are great possibilities in the industrial and economic field if the scheme is successful.

The great Tamil Saint and Poet Ramalingaswamy attained Samadhi at Vadalur, midway between Cuddalore and Vriddachalam and the place attracts a large number of devotees from all over South India and Ceylon.

Chidambaram is a famous place of pilgrimage containing the great temple dedicated to God Siva who is worshipped here in His form as Nataraja, the God of Dance. This temple is one of the largest and most ancient in South India and is considered most sacred by the Hindus. The temple enshrines Akasa Lingam representing Akasa (Ether) among the five elements Ether, Air, Fire, Water and Earth.

ANNEXURE I.

17. SOUTH ARCOT DISTRICT.

PART I

Section (i)

A—GENERAL POPULATION TABLES.

A-I—Area, Houses and Population.

This table shows for the rural and urban areas of each taluk and for the district, the area, the number of inhabited villages and towns, occupied houses and the total population with distribution by sex.

2. The district area shown in column (2) of this table is that supplied by the Surveyor-General of India. Area figures furnished by the Central Survey Office, Madras, have been adopted for the taluks. The total area of the taluks as furnished by the Central Survey Office, Madras, shown within brackets in column (2) differs from the area of the district furnished by the Surveyor-General.

3. " Village " is the revenue administrative unit within defined boundaries. This table gives particulars in respect of all villages containing one or more groups of habitations. Villages with no habitations are not included in this table.

4. " Town " is a place of usually not less than 5,000 inhabitants, possessing distinct urban characteristics. Cantonments have been treated as forming part of the towns in which they are situated.

5. " House "—Every dwelling with a separate main entrance has been treated as a house for census purposes.

Taluk.	Area in sq. miles.	Villages.	Towns.	Occupied Houses. Total.	Rural.	Urban.
(1)	(2)	(3)	(4)	(5)	(6)	(7)

17. SOUTH ARCOT DISTRICT.

A-II—Variation in Population during fifty years.

This table compares the population of the district and of each taluk in the district as ascertained at the Census of 1951 with the corresponding figures of the five previous censuses. The figures recorded at the previous censuses have been adjusted for subsequent territorial changes, if any, in order to afford a correct basis for comparison. The adjusted figures show the population of taluks and the district as constituted at present.

Taluk.		Persons.	Variation.	Net Variation 1901—1951.	*Males.*	Variation.	*Females.*	Variation

17. SOUTH ARCOT DISTRICT.

A-III—Towns and Villages Classified by Population.

This table shows the total number of inhabited towns and villages in each taluk of the district distributed on population basis under three main heads with sub-heads under each as follows :—

(1) Towns and villages with less than 2,000 population—

(a) population with less than 500,

(b) population between 500 and 1,000,

(c) population between 1,000 and 2,000,

(2) Towns and villages with population of 2,000 to 10,000—

(a) with population of 2,000 to 5,000,

(b) with population of 5,000 to 10,000.

(3) Towns and villages with population of 10,000 and above—

(a) with population of 10,000 to 20,000,

(b) with population of 20,000 to 50,000,

(c) with population of 50,000 to 100,000,

(d) with population of 100,000 and above,

II. For definition of a "Town" and "Village" see fly-leaf to Table A-I.

1/. SOUTH ARCOT DISTRICT.

A-IV—Cities and Towns classified by Population with variations since 1901.

This table shows the population and distribution of sex of cities and towns of the district at each of the last six enumerations.

2. Cuddalore is the only town in this district which has been treated as city for the 1951 Census.

3. The cities and towns have been arranged in this table according to their population in 1951 under the following six classes :—

Class.	Limits of Population.
I	100,000 and over.
II	50,000 to 100,000.
III	20,000 to 50,000.
IV	10,000 to 20,000.
V	5,000 to 10,000.
VI	Under 5,000.

4. Where possible, the former population of places treated for the first time as towns in 1941 and at this census has been extracted from village statistics. Where this could not be done, the columns have been left blank.

5. The population of towns for previous Censuses are those then recorded. No adjustments have been made for intervening changes in area.

6. Municipality, Panchayat and Cantonment are indicated by the use of the letters (M), (P), (C), respectively within brackets.

17. SOUTH ARCOT DISTRICT.

A-V—Towns arranged talukwise with Population by Livelihood Classes.

This table shows the analysis of the Urban population in towns by livelihood classes, instead of by communities as in the previous Censuses.

2. Under the Indian Census Economic Classification Scheme, the people have been divided into two broad livelihood categories, viz., the Agricultural classes and the Non-agricultural classes. There are four Agricultural classes and four Non-agricultural classes as shown below :—

(i) *Agricultural classes.*

I. Cultivators of land wholly or mainly owned ; and their dependants.

II. Cultivators of land wholly or mainly unowned ; and their dependants.

III. Cultivating labourers ; and their dependants.

IV. Non-cultivating owners of land ; agricultural rent receivers and their dependants.

(ii) *Non-agricultural classes.*

Persons (including dependants) who derive their principal means of livelihood from—

V. Production (other than cultivation).

VI. Commerce.

VII. Transport.

VIII. Other service and miscellaneous sources.

3. In this table the figures for the agricultural livelihood classes I to III are not given separately but have been clubbed together.

4. The towns in each taluk of the district are arranged in the order of their population as in Table A-IV.

5. Municipality, Panchayat and Cantonment are indicated by the use of the letters (M), (P), (C), respectively, within brackets.

6. For the definition of a " Town " see fly-leaf to Table A-I.

E—Summary Figures by taluks.

The data contained in this table have been given for each taluk in the district.

2. The areas shown in column (2) of the table for the district and the taluk "total" are the latest figures furnished by the Central Survey Office, Madras. The areas given for "urban" are those furnished by the District Officers. The areas for "rural" have been obtained by deducting the figures for "urban" from those for district and taluk "total."

3. The district area furnished by the Surveyor-General, India, which has been shown in Table A-I, could not be adopted in this table as talukwise figures have not been furnished by him. The district areas given by the Surveyor-General differ in varying degrees from those furnished by the Central Survey Office, Madras.

4. Previous census figures of population have been adjusted with reference to the merger of States, transfer of enclaves, and inter-district transfers, if any. The rural and urban population figures have been taken as they were at the 1941 and 1931 censuses and as they are at the present census, regardless of the changes of rural areas into urban areas and *vice versa* from census to census, for the purpose of calculating percentage variation between 1931 and 1941 and between 1941 and 1951. For calculating density for "rural" and "urban" for 1941, the areas of the towns newly formed at the present census rounded to the nearest square mile have been deducted from the areas given for urban in column (2) for 1951 and added to the areas given for "rural," in the districts and taluks where new towns have been recognized.

5. In respect of Gingee taluk, which has no urban areas, the figures represent the total alone.

Taluk.	Area in sq. miles.	Population. 1951. Persons.	Population. 1951. Males.	Population. 1951. Females.	Population. 1941. Persons.	Percentage Variation. 1951–41.	Percentage Variation. 1941–31.	Density. 1951.	Density. 1941.	Livelihood classes. Agricultural classes. I. Cultivators of land wholly or mainly owned and their dependants. Males.	I. Females.	II. Cultivators of land wholly or mainly unowned and their dependants. Males.	II. Females.

B—ECONOMIC TABLES.

B-I—Livelihood Classes and Sub-Classes.

This table shows by rural/urban break-up for each Census tract in the district, the distribution of population, sex-wise, among the eight livelihood classes and the three sub-classes, viz., self-supporting persons, non-earning dependants and earning dependants under each livelihood class into which the economic characteristics of the people have been classified under the Indian Census Economic Classification Scheme—vide fly-leaf to Table A-V.

2. The areas comprised in each of the census tracts into which this district has been delimited for the purposes of census tabulation are given below :—

Rural Tracts.

No. 149—Gingee.	All the villages and panchayats not treated as census towns in	Gingee taluk.
No. 150—Tindivanam.	Do.	Tindivanam taluk.
No. 151—Kallakurichi.	Do.	Kallakurichi taluk.
No. 152—Tirukoilur.	Do.	Tirukoilur taluk.
No. 153—Villupuram.	Do.	Villupuram taluk.
No. 154—Cuddalore.	Do.	Cuddalore taluk.
No. 155—Vriddachalam.	Do.	Vriddachalam taluk.
No. 156—Chidambaram.	Do.	Chidambaram taluk.

City Tract.

No. 21—Cuddalore city in Cuddalore taluk.

Non-City Urban Tracts.

No. 43—Tindivanam town in Tindivanam taluk.
Villupuram and Valavanur towns in Villupuram taluk.

No. 44—Kallakurichi and Chinnasalem towns in Kallakurichi taluk.
Vriddachalam and Pennadam towns in Vriddachalam taluk.
Tirukollur and Ulundurpet towns in Tirukoilur taluk.

No. 45—Panruti, Nellikuppam and Kurinjipad towns in Cuddalore taluk.

No. 46—Chidambaram, Porto Novo, Bhuvanagiri, Mannargudi and Srimushnam towns in Chidambaram taluk.

3. The livelihood classification is based on the principal means of livelihood of the self-supporting persons, the principal means of livelihood for earning and non-earning dependants being the same as that of the self-supporting persons on whom they are dependants.

4. " The principal means of livelihood " is the means of livelihood which provides the largest or the major part of the income in the case of self-supporting persons who have more than one means of livelihood. In the case of other self-supporting persons, it is the only means of livelihood.

5. A person has been regarded as " Self-supporting " if the income secured by the person is sufficient at least for his (or her) own maintenance at the level of living and adopted by him (or her) at the time of the census. The income secured may be in cash or kind. Anyone who is not a " Self-supporting " person in this sense has been regarded as a dependant. An " earning " dependant is a person who secures an income which is not sufficient to support him (or her). A person who does not secure any income either in cash or kind, is a " non-earning " dependant.

6. The non-earning dependants include persons performing housework or other domestic or personal services for other members of the same family household, but do not include " unpaid family workers " or persons who take part along with the members of the family household in carrying on cultivation or a home industry as a family enterprise. These latter persons have been classed as either self-supporting or earning dependants according to the share of income attributable to them.

7. The self-supporting persons shown in Livelihood Class VIII include also persons who derive their income otherwise than through productive activity, i.e., persons coming under the following groups, details for which are given in the fly-leaf to Economic Table B-III :—

(1) Persons living principally on income from non-agricultural property ;

(2) Persons living principally on pensions, remittances, scholarships and funds ;

(3) Inmates of jails, asylums, alms houses and recipients of doles ;

(4) Beggars and vagrants ; and

(5) All other persons living principally on income derived from non-productive activity.

17. SOUTH ARCOT DISTRICT.

B-II—Secondary means of Livelihood.

This table gives for the district the number of persons in each of the eight livelihood classes mentioned in Economic Table B-I, who possess a secondary means of livelihood ; and cross classifies them (according to the nature of such means of livelihood) under the same eight livelihood classes.

2. The secondary means of livelihood shown for self-supporting persons is the means of livelihood next in importance to their principal means of livelihood. In respect of earning dependants, it is the means of livelihood which provides the earning, or the largest part of their income if they have more than one source of income.

3. Non-earning dependants and self-supporting persons who have no secondary means of livelihood are excluded from this table.

Livelihood classes.	Number of persons deriving their secondary means of livelihood from — I. Cultivation of owned land. Total. Males.	Total. Females.	Self-supporting persons. Males.	Self-supporting persons. Females.	Earning dependants. Males.	Earning dependants. Females.

B-III—Employers, Employees and Independent Workers in Industries and Services by Divisions and Subdivisions.

This table gives figures for each Census tract in the district. The areas comprised in each census tract denoted by its number in col. (1) have been specified in the fly-leaf to Table B-I. In this table the self-supporting persons in the four Non-agricultural classes given in Economic Table B-I are distributed in the various divisions and subdivisions of Industries and services under the Indian Census Economic Classification Scheme, according to their secondary economic status, namely, Employer, Employee and Independent worker.

2. (An) Employer (is) a person who employs other persons in order to carry on the business from which he secures his livelihood and pays them a salary or wage in cash or kind.

3. (An) Employee (is) a person who ordinarily works for some other person for a salary or a wage, whether in cash or in kind in order to earn his livelihood.

4. (An) Independent worker (is) a person who works on his own without being employed by anyone for a salary or wage and who does not also employ anyone else in order to earn his livelihood.

5. Under the New Indian Census Economic Classification Scheme, all Employers and Independent workers have been classified with reference to the commodity produced or services performed by them individually. As regards Employees, all persons engaged in Production, Commerce, or Transport (and not being domestic servants) have been classified with reference to their own activity and without reference to that of their employer. Domestic servants have been classified in one subdivision without reference to the nature of their work. All other Employees (including all managerial and supervisory employees, clerical services, messengers, watchmen and unskilled labour of every description) have been classified with reference to the commodity produced or services rendered by their Employers.

6. The Non-agricultural classes classified in Economic Table B-I correspond to the divisions and subdivisions into which they are distributed in this table as follows :—

Livelihood class.	Division and Subdivisions of the I.C.E.C. Scheme.
Class V—Production other than cultivation.	Division 0.—Primary Industries not elsewhere specified. Division 1.—Mining and Quarrying. Division 2.—Processing and Manufacture of Foodstuffs, Textiles, Leather and products thereof. Division 3.—Processing and Manufacture—Metals, Chemicals and Products thereof. Division 4.—Processing and Manufacture—Not elsewhere specified.
Class VI—Commerce.	Division 6.—Commerce.
Class VII—Transport.	Subdivisions 7·0 to 7·4 of Division 7.—Transport, Storage and Communications.
Class VIII—Other Services and miscellaneous sources.	Division 5.—Construction and Utilities. Division 7.—Transport, Storage and Communications with the exception of subdivisions 7·0 to 7·4. Division 8.—Health, Education and Public Administration ; and Division 9.—Services not elsewhere specified.

Class VIII also includes persons who derive their principal means of livelihood from miscellaneous sources (otherwise than through economic activity), e.g., income from investments, pensions and family remittances, proceeds of begging and other unproductive activities. These are not, however, included in this table as it is limited to economically active persons engaged in Industries and Services. Hence, there will be a difference to this extent between the total self-supporting persons of the Non-agricultural class in Economic Table B-I and the total of this table. The reconciliation will be effected by adding the figures given in the next paragraph.

7. Details of persons who derive their principal means of livelihood otherwise than through productive activity and who are included under livelihood Class VIII mentioned in the fly-leaf to Economic Table B-I are given below :—

Tract No.	Persons living on income from non-agricultural property.		Persons living mainly on income from pensions, remittances, etc.		Beggars and vagrants.		All other persons living principally on income derived from non-productive activities.		Inmates of Jails and Institutions.

SMALL-SCALE INDUSTRIES.

I—Distribution of Small-scale Industries by Tracts.

This table gives for each Census tract, the number of small-scale industrial establishments under categories, non-textile and textile, with details for perennial and seasonal establishments.

2. The table covers only those establishments, to which the Factories Act does not apply. It relates, therefore, to all associate activities, where articles are produced, repaired or otherwise treated for sale, use or for disposal. Small mines not covered by the Indian Mines Act have also been included. The table does not include plantation industries of any kind.

3. The areas covered by each Census tract in the district denoted by its number in column (1) have been given in the fly-leaf to Table B.I.

Tract No.	Total number of establishments.			Number of non-textile establishments.				Number of textile establishments.			
	Total	Non-textile.	Textile.	Perennial (nine months and over).	Six months and over but less than nine months.	Three months and over but less than six months.	Less than three months.	Perennial (nine months and over).	Six months and over but less than nine months.	Three months and over but less than six months.	Less than three months,

II—Employment in Textile Establishments.

This table gives for each Census tract the number of persons employed in the textile establishments shown in Table I. The occupations have been grouped with reference to the scheme of grouping adopted in the Indian Census Economic Classification Scheme.

2. 'Boys' and 'Girls' referred to in the table, refer to persons below 15 years of age.

3. The areas covered by each census tract in the district have been given in the fly-leaf to Table B-I.

NOTE.—The symbols 'W.T.' and 'P.T.' adopted in this table stand for 'Whole Time' and 'Part Time.'

III—Employment in Non-Textile Establishments.

This table gives for each Census tract the number of persons employed in non-textile establishments referred to in Table I. The establishments have been grouped with reference to the scheme of grouping adopted in the Indian Census Economic Classification Scheme.

2. As in Table II, 'Boys' and 'Girls' refer to persons below 15 years of age.

3. The areas covered by each Census tract in the district have been given in the fly-leaf to Table B-I.

NOTE.—The symbols 'W.T.' and 'P.T.' adopted in this table stand for 'Whole Time' and 'Part Time'.

INFIRMITY.

L—Incidence of Leprosy by Livelihood Classes for Taluks.

This table shows for each taluk in the district the incidence of Leprosy among the population, males and females, by the eight Livelihood classes.

2. Figures are given separately for Leprosy and doubtful cases. The former refers to clear cases of Leprosy while the latter to suspected cases of Leprosy.

3. Information regarding the number of Leprosy cases and doubtful cases in each village/town of each tract has been given in the appropriate Rural and Urban statistics.

Taluk.	Males.			Females.			Agricultural classes. I. Cultivators of land wholly or mainly owned and their dependants. Males.			Females.

Section (ii)

Rural Statistics.

This is an abstract giving a complete list of villages and towns in each taluk in the district with sex-wise distribution of population in each livelihood class in the villages alone. Among the other items of statistical information furnished, those relating to occupied houses, households, inmates of institutions and houseless persons and literates, were obtained from the National Register of Citizens prepared for each village from the information recorded in the enumeration slips. Village-wise statistics of textile and non-textile establishments collected in the course of the census of Small-scale Industries and the number of leprosy cases and doubtful cases are also given in the abstract.

2. For detailed explanation of the livelihood classes I to VIII see fly-leaf of general population Table A-V.

3. The areas included in each Census tract in the district have been furnished in the fly-leaf to Table B-I.

4. A list of villages with a population exceeding 5,000 but treated as rural is given below :—

Names of villages with a population exceeding 5,000 but treated as rural.

Name of the village.	Name of the village.	Name of the village.
Gingee taluk— Gingee.	Kallakurichi taluk— Vadakanandal. Periamambattu.	Cuddalore taluk— Mitta Naduveerapattu. Tiruvathi.
Tindivanam taluk— Merkanam. Rottanai. Kottakuppam.	Tirukoilur taluk— Sendamangalam. Pidagam.	Vriddachalam taluk— Tittagudi. Chidambaram taluk— Killai. Lalpettai.

Location Code number and name of Village or Town.	Area in sq. miles.	Occupied Houses.		Total number of persons enumerated (including inmates of Institutions and houseless persons).			Inmates of Institutions and houseless people.		Literates.	
		Number of houses.	Number of house holds.	Persons.	Males.	Females.	Males.	Females.	Males.	Females.
